Dear Parent/Carer

Easter Holiday Revision Homework

As you will be aware, the Key Stage 2 SATs are 11th - 14th May 2026. Your child has worked exceptionally hard this year and we are all so ready for them to achieve their best.

We would love your support in ensuring your child completes some revision homework over the Easter holidays. We want them to enjoy their time off school and relax but we also don't want them to forget everything that they have worked so hard for.

We ask if your child could spend 20-30 minutes a day completing some tasks linked to maths, reading and grammar. These are activities and learning that we have covered this year. Some children may find sections difficult without us being there to support them but there are many sections which all children can complete.

We would also love it if children could log on and complete 5 Reading Plus lessons a week over the holidays. If children could complete one a day, this would be really beneficial for them leading up to the SATs. Below is a table, which children can complete, to keep track of the lessons and record their percentage score after answering the questions.

Reading Plus site code: rpseavi

Children log on to this regularly in school and know their username and password.

Week 1

Lesson	Date	Percentage score
1		
2		
3		
4		
5		

Week 2

Lesson	Date	Percentage score
1		
2		
3		
4		
5		

Finally, thank you for your ongoing support and we hope you all have a gorgeous holiday and fingers crossed for plenty of sunshine.

Year 6 Team

Empowering children to shape their future
